

SCOTTIE

Astraglen Carbinne of Silversnipe

Imported 2016

Weight: 58 lbs.

Scottie, **Astraglen Carbinne of Silversnipe** , was imported in 2016 directly from N. Ireland where he was raised and trained at Wildrose's long-standing partner's kennel, Astraglen in CoArmagh.

Scottie's sire is FTCH Saxaphone Brown Ale of Lincswood, won the International Gundog League (British) Championship in 2014 after placing Fourth in the Championship in 2013. His sire was a member of the England International Working Test Team that won the team event at the CLA Gamefair and also the prestigious Skinners World Cup. According to Nigel, Scottie, like his sire, proved to be a fantastic gamefinder with pace and style who always caught the eye.

Scottie was said to be a very easy dog to train and had a superb temperament whether hunting snipe and duck on the shores of Lough Neagh, the largest freshwater lake in the UK, or picking up on some of the most prestigious estates in Ireland including Drumbanagher Estate, Glenarm Castle and Scarva House Shoot.

Scottie continues his development and hunting success in America with Wildrose. Bold in the water, fast and stylish in cover while constantly displaying brilliant scenting abilities. His focus afield is keen and temperament stable, yet bold. His love of the hunt is unmistakable and his kind nature with people endearing.

Scottie brings to Wildrose the desirable colorization of fox red combined with outstanding health schemes and superb gamefinding abiltiies.

A true International Gentleman's Gundog
