Imported 2011**

FTCh Silversnipe Legend, "Luke," is a fox red British Field Trial Champion imported from Scotland. He qualified for the prestigious British Retriever Championship for 2010 but due to a massive snow storm that gridlocked Scotland making travel impossible for days this fine competitor was unable to make the trial. Luke has fabulous field abilities while maintaining a most pleasant temperament. He is fast, stylish and bold in water. He has become a principle participant in our “Wildrose On The Road ” demonstrations across the country. A brilliant jumper of obstacles, Luke with Wigeon and Whiskey are always crowd pleasers with their “flying retrievers” segment.

FTCh Silversnipe Legend’s pedigree offers similar progeny as Kane’s and Whiskey’s enabling Wildrose to continue the legacy of great sires of gamedogs as well as dogs of outside adventures.
