

FTCh Glenloch Ruff

“Ruff,” Imported 2010

Weight 70 lbs.

FTCh Glenloch Ruff arrived at Wildrose directly from Northern Ireland in 2010. Ruff was the winner of two open qualifying stake field trials in 2009. Ruff is a two-time qualifier for the Irish Retriever Championship making it to the top 10 finalists in 2009. FTCh Ruff has twice earned a position on the Irish International Gundog Team which competed at the CLA, International Retriever Team Competitions in England in 2008 and 2009. In 2008, he ranked "top dog" on the Irish team. In addition to Ruff's exceptional record of field trial awards, he was selected first as breed show champion in a confirmation competition sponsored by the Labrador Retriever Club of Ireland. The judge noted on Ruff's score award card, "excellent double coat." Ruff's sire is FTCh Willowick Ruff, winner of the 2007 British Championship and is littermate of our own Glenloch Reeve, Holly, who has produced exceptional pups for us at Wildrose. Ruff is larger in frame than some UK dogs and is fast, stylish and bold in cover, yet, like his sister, Holly, he has a superb temperament and handle, the perfect all around Wildrose Gentleman's Gundog.
